Practical Issues. Sociologists' choice of research method is influenced by practical issues, ethical issues and theoretical issues. Practical issues relate to time, money and logistics. Sometimes the best method for researching a particular topic, theoretically, has to be rejected because it would cost a great deal of money to conduct, it would be very difficult to carry out, or because it would take a very long time to get results.

Ethical and Compliance Challenges of Data Privacy. Brian Vecci, Field CTO for Varonis, stressed, "Consumers need to be vigilant but also need a basic set of online rights. The GDPR is a great starting point for such a bill of rights. Consumers should have the right to know what data is being collected and used, the right to have their data deleted when no longer needed or when they ask, and that companies take common sense precautions to keep that data safe.
