Review Conclusion. Here is an example of a literature review conclusion: "The objective of this review was to view the trends in composition studies within the past fifty years and see how commentary on student writing has transformed and is still transforming. It's clear from the research reviewed that evaluative commentary is widely practiced all through composition programs in universities today.

A review paper is not a "term paper" or book report. It is not merely a report on some references you found. Instead, a review paper synthesizes the results from several primary literature papers to produce a coherent argument about a topic or focused description of a field. Examples of scientific reviews can be found in: Scientific American
