(PDF) First Aid Cases for the USMLE Step 1, Third Edition ...

Therefore if NOTHING was done by the medic, as per OSHA definition etc, it would

Get Free First Aid Cases For The Usmle Step 1 Third

not count as a "first-aid". We also use OSHA recording criteria for our internal reporting systems, and if such an event occurred on our site, and a first-aider attended, but there was no first aid treatment (which is rare) we would record it in our internal "system" as a near miss and investigate it proportionately.

Treatment for first aid incidents includes cleaning minor cuts, scrapes or scratches, treating a minor burn, applying bandages or dressings, cold compress, cold pack, ice bag or splint. First aid incidents are recorded when first aid treatment is required as a result of a work-related injury. The recordable first aid incidents are usually referred by accident rates, and are one of the many items that can be used for measuring past performance.
