Australians
Timing of that event and what led up to it, however, are not (at least not yet) as clearly defined as Cane portrays them. Cane opens First Footprints with an occurrence that most assuredly rocked the world.

Around 74,000 years ago Mount Toba in Sumatra exploded in the largest volcanic eruption the world has experienced in the

Australia has been making moves toward a green future for years, and sustainability is a pillar of the city ' s tourism strategy.

Visit Valencia, the city ' s tourism board, recently carried out a study that measured the sources of carbon emissions from tourist activity across ten areas, including water management, waste, transport to
