The biggest reason your first love will always be with you is that, no matter what, it is always your only first love. The first of any event can only happen once in a lifetime, making it special in its exclusivity. No matter who you later love, or how you change over time, your first love will always be the first, for the rest of your life.

## **Why does everyone think that our first love will last ...**

Forever First Love is an assured debut from talented filmmaker Luke Mayze. Set in the Philippines, it follows the chance meeting of Paul and Anna twenty years after they fell in love as teenagers. Beautifully shot, beautifully scored and with an intelligent screenplay that wrenches stunning and brave performances from its two leads, this is a film for anyone who has ever wondered about rediscovering lost love.

acquire. But there's something inexplicably enticing yet simultaneously comforting about our first real love. It's a double edged sword — if you end up with your first love in the long term, people will say “you don't know what love is, you've only been with one person,” but if you end up with someone else, they'll always be the One That Got Away.

My first love story is just kind of meh, but my aunt rekindled with her first love after 30 years apart. They have now been back together for 15. Last Chance Proposal sounds like the type of romantic story I could really get into and I think many people who have children from previous marriages/relationships will relate.
