~~Activity The Great~~

Added: 25th July 2017.

Guided reading has been, and

still is, a popular way to

teach, but it's easy to get

wrong. For instance, I used

to set up carousel

activities during guided

reading sessions, hoping

these would engage the

remaining children and keep

them working independently.

However, far too often these

activities became time fillers, offering little challenge, enjoyment or scope for progress.

~~The Secret To Great Guided Reading — Cloze Activities~~
Guided reading is a group method of teaching reading skills that can be used in place of, though usually in addition to, occasional 1:1 reading and discrete phonics instruction. Generally speaking, guided reading involves teaching groups of children according to their ability levels.

A rota and resources for what I use every guided reading time. Split the children into small groups (identified by colour). Activities included:

- Noughts and Crosses-
- pinched off somebody on here- thank you. Children have these printed off and they select their own activity.
- Listening Station- Audio cds.
- Non-Fiction Text- children select their own non-fiction text and complete the booklet (again needs to be printed off for them each)
