The Oxford Handbook of Women and Gender in Medieval Europe provides a comprehensive overview of the gender rules encountered in Europe in the period between approximately 500 and 1500 C.E. The essays collected in this volume speak to interpretative challenges common to all fields of women's and gender history - that is, how best to uncover the experiences of ordinary people from archives formed mainly by and about elite males, and how to combine social histories of lived experiences with ...

The Oxford Handbook on Women, Peace, and Security examines the significant and evolving international Women, Peace, and Security (WPS) agenda, which scholars and practitioners have together contributed to advancing over almost two decades. Fifteen years since the passage of United Nations Security Council Resolution 1325 (2000), the WPS agenda has never been more salient on the agenda of states and international organizations.

This Handbook serves as a starting point for critical analysis and discourse about the status of women in outdoor learning environments (OLEs). Women choose to participate actively in outdoors careers, many believing the profession is a level playing field and that it offers alternatives to traditional sporting activities.
