The historical aspect of English really encompasses more than the three stages of development just under consideration. English has what might be called a prehistory as well. As we have seen, our language did not simply spring into existence; it was brought from the Continent by Germanic tribes who had no form of writing and hence left no records.

[What are the origins of the English Language? | Merriam](#)...

The war against the Germans has its roots in the conflict between the Jesuit Vatican and Protestant Germany. The eastern-german chronology critic Wilhelm Kammeier was convinced that the original documents of Germanic history had been destroyed and replaced by forged documents of Gallic-Roman history during the 15th-18th Century.
