a Home Budget | Sapling~~

A budget is a structured list of your personal or household expected income and expenses. It's to help you plan for how, what for and how much money will be spent or saved during a particular period of time. A great advantage of having a budget is a possibility to track your spending habits over time and adjust them accordingly.

Many of the household budget sheets are in Excel format (which has an.xls extention). But the good news is that you don't necessarily need Excel to open their spreadsheets. OpenOffice.org is a free software package that offers similar programs to Microsoft Office. The programs are not exactly the same, but are very similar.

A ledger, meanwhile, is up-close-and-personal. A ledger is an item (either physical or digital) that allows you to document your spending, a data-collection tool that should also be helpful in creating a budget. A budget is a big-picture concept that helps align spending habits with your priorities, goals, and values. Ledgers  
Past and Present
