his high-level scientific expertise. In this singular follow-up to the original, he explains machines, gadgets, and other technologies to inquiring young minds.

Cool Stuff 2.0 and How It Works by Chris Woodford

In an emergency, of course, things can get a lot more hectic. All airline pilots have extensive training in dealing with the unexpected and keeping a cool head in precarious situations. Fortunately, it is only on rare occasions that pilots have to put this training to work, but they must be ready to leap into action at all times.
