Humanizing Big Data Marketing At
Humanizing Big Data provides a
detailed understanding of the way to
approach and think about the
challenges and opportunities of big
data, enabling any brand to realize
the value of their current and future
data assets. First it explores the 'nuts
and bolts' of data analytics and the
way in which the current big data
agenda is in danger of losing
credibility by paying insufficient
attention to what are often
fundamental tenets in any form of
analysis.
