IEC 62305-1).

INTERNATIONAL IEC STANDARD 62305-3

Introduction BS EN 62305-2:2012 Risk Management is a complex and demanding document. It requires the user to obtain key information about the structure in order to carry out a risk assessment. The more detailed this input information, the more accurate the ultimate lightning protection solution.

BS EN 62305-2:2012 - Simplified Risk Assessment Table

BS EN 62305:2006 was originally intended as a five part set, with the fifth part being 'Services'. This last part however was never actually published following the publishing of the other parts of the standard, which did contain a number of references to part 5. Within

Lightning Protection of Buildings: Guidance to MS IEC ...

The Commission is aware that the Czech set of technical standards ?SN-EN-62305 is identical to the European standard EN-62305 and the international standard IEC-62305. This, indeed, is the core of the issue here and the reason why the Commission asked Czechia to lift restrictions on lightning protection systems.
