Inpatient Vs Observation Quick

Interqual

Inpatient status means that if you have serious medical problems that require highly technical skilled care.

Observation status means that have a condition that doctors want to monitor to see if you require inpatient

File Type PDF Inpatient Vs Observation Quick

admission. You may be assigned to observation status when your doctors aren't sure how sick you actually are.

An Explanation of Inpatient vs.
Observation Status

Observation care should be utilized until it is determined that the patient

File Type PDF Inpatient Vs Observation Quick

can either be discharged or admitted as an inpatient. Observation services must be patient specific and not part of the facility's standard operating procedures. For example, post-procedural recovery and monitoring would not be billable as observation.
