Integrated Sales Process Management, a methodology for improving sales effectiveness in the 21st Century Selling Big Ticket Items: The MASTER Method, that focuses on personal selling Management of New Product Launches and Other Marketing Projects

Integrated Sales Process Management By Michael W. Lodato Ph.D.

Salespeople execute on the sales process; sales leaders manage the sales process. In other words, the job of salespeople is to move a client or opportunity from initial qualification to a win. The job of the sales manager is to coach salespeople in each step of the process, analysing inefficiencies in how the process is executed and working to improve the effectiveness of each process step.
