Foundations And Principles Of Islamic Finance

Islamic finance is a term that reflects financial business that is not contradictory to the principles of the Shari'ah. Conventional finance, particularly conventional banking business, relies on taking deposits from and providing loans to the public. Therefore, the banker-customer relationship is always a debtor-creditor relationship.

AN INTRODUCTION TO ISLAMIC FINANCE

When we think about Islamic finance, we would want to describe it as an ethical framework that encourages profit by risk sharing rather than risk shifting, that encourages one to think longer term, and that appreciates the interconnections between various facets and systems within life.
