International Financial Management -
McGraw-Hill Education

International Financial Management is written based on two distinct parts: emphasis on the basics and emphasis on a managerial perspective. As capital markets of the world become more integrated, a solid understanding of international finance has become essential for astute corporate decision making.

International Financial Management 6th
Edition solutions ...

Via illuminating case studies and realworld examples, students are introduced to the fundamental concepts and tools necessary to implement an effective global financial management strategy. The 6th Edition reflects the juxtaposed forces of an increasingly digital global marketplace and a resurgence of nationalist culture and identity. Financial forces, markets, and management are in many ways at the crux of this challenge.
