International Law: A Very Short Introduction (Very Short ...

Definition and scope. According to Bentham's classic definition, international law is a collection of rules governing relations between states. It is a mark of how far international law has evolved that this original definition omits individuals and international organizations—two of the most dynamic and vital elements of modern international law. Furthermore, it is no longer accurate to view international law as simply a collection of rules; rather, it is a rapidly developing complex ...

international law | Definition, History, Characteristics ...

International law, also known as public international law and law of nations, is the set of rules, norms, and standards generally accepted in relations between nations. It establishes normative guidelines and a common conceptual framework to guide states across a broad range of domains, including war, diplomacy, trade, and human rights. International law allows for the practice of stable, consistent, and organized international relations.

International law - Wikipedia

Taking an international perspective and focusing on highly topical issues such as torture, arbitrary detention, privacy, health and discrimination, this Very Short Introduction will help readers to understand for themselves the controversies and complexities behind this vitally relevant issue. Looking at the philosophical justification for rights, the historical origins of human rights and how ...

Human Rights: A Very Short Introduction (Very Short ...

Oxford's Very Short Introductions series offers concise and original introductions to a wide range of subjects -- from Islam to Sociology, Politics to Classics, and Literary Theory to History. Not simply a textbook of definitions, each volume provides trenchant and provocative - yet always balanced - discussions of the central issues in a given topic.

Very Short Introductions - Oxford University Press

This Very Short Introduction explains what international law is, what its role in international society is, and how it operates. Vaughan Lowe examines what international law can and cannot do and what it is and what it isn't doing to make the world a better place. Focussing on the problems the world faces, Lowe uses terrorism, environmental change, poverty, and international violence to demonstrate the theories and practice of international law, and how the principles can be used for.
