ALIEN hunting astronomer Avi Loeb believes spacecraft could be sent to study some of the solar system's foreign objects if enough advance warning is given - and he says it could be the best hope of ...

Alien hunting astronomer urges experts to intercept interstellar bodies like 'Oumuamua Earth ' s neighborhood as we know it is changing as new technology can help reveal more about our little spot in the Milky Way, including what defines interstellar space. NASA ' s two Voyager spacecraft, ...

Our knowledge of the solar system is expanding. Here ' s how scientists define interstellar space Using laser-propelled lightsails, tiny spacecraft could venture to the Sun ' s nearest neighbor in just a few decades.

Breakthrough Starshot: A voyage to the stars within our lifetimes

Scientists used a sonar-like technique to make a 3D map of the heliosphere, a bubble created by the solar wind extending from the Sun into interstellar space.

The Edge Of Our Solar System Has Been Found: ' Bat-Sense ' Used To Find ' Bubble ' All Around Us

In the coldest, darkest reaches of our Solar System – a region still to be visited by human spacecraft – is a strange, frigid cloud that contains material from other stars.

The mysteries of the icy cloud around our Solar System

And with today ' s new trailer, Amanda Waller made the Suicide Squad ' s mission clear: Destroy everything relating to a mysterious " Project Starfish. " That can only mean one DC Comics villain: Starro ...

The deal with Suicide Squad ' s tentacled villain

On the outside chance that we ever encounter a space probe from an alien civilization ... If aliens ever snag one of our interstellar envoys, like one of the Voyager spacecraft, they ' ll see ...

Interstellar 8-Track: The Not-So-Low-Tech Data Recorders Of Voyager

The recent movie Interstellar raised the ... form of " worm hole " or " warping space " : bending the four-dimensional structure of space and time to create shortcuts between two spatial ...

If Earth falls, will interstellar space travel be our salvation?

Exploring the wonders of the Cosmos, one mystery at a time ... interstellar medium has been found to be filled with waves. The largest of these waves result from the rotation of our galaxy, as ...

Voyager 1 is 14 billion miles away and picking up a bizarre cosmic hum... what is it?

Almost a decade ago, NASA ' s Voyager 1 spacecraft left the outer edge of our Solar System to enter interstellar space. It marked the first time a spacecraft ... " hum " beyond the edge of ...

NASA Detects " Hum " Coming From Beyond Solar System

Researchers from NASA ' s Jet Propulsion Laboratory and Oak Ridge National Laboratory successfully created amorphous ice, similar to ice in interstellar space and on icy worlds in our solar system. They ...

Un-Earthly Cold: Scientists Create Exotic " Outer Space " Ice

These send shock waves through the heliosphere that protrude out into interstellar space, so it's taken a while to get beyond the reach of these bursts. Ocker told Quirks & Quarks host Bob ...
