Introduction to pragmatics - Teachit English

On a very basic level, "pragmatics" refers to the way we convey meaning through communication. This meaning includes verbal and non-verbal elements and varies depending on the context, the relationship between people talking, and many other social factors. Let's look at an example to get an idea of what this means.

Introduction to Pragmatics - CARLA

Pragmatics is a subfield of linguistics and semiotics that studies the ways in which context contributes to meaning. Pragmatics encompasses speech act theory, conversational implicature, talk in interaction and other approaches to language behavior in philosophy, sociology, linguistics and anthropology.

~~Pragmatics - Wikipedia~~

The module is aimed at students who would like to take their study of meaning and grammar further and deepen their knowledge of core concepts introduced in Introduction to Semantics. The approach taken is strictly non-formal in nature but emphasizes the same attention to detail as its formal counterpart.
