have unique risk characteristics. The Islamic banking model has evolved to one-tier mudaraba with multiple investment tools. On the liability side of Islamic banks, saving and investment deposits take the form of profit-sharing investment accounts.

10 Risk management in Islamic banking - ISFIN

Islamic Banking should be an extended but integral part of economics. Islamic Banking is supposed to be more than a bank. It shoulders a broader responsibility to the people by looking at needs and providing products that serve a purpose. The idea of responsible financing, transparency and customer service should be the by-word of an Islamic Bank.
