Morse describing and illustrating the construction of Japanese homes. It was first published in 1886 after its author had spent three years in Japan studying and teaching zoology. It contains numerous drawings by Morse of various features of Japanese houses, including details of construction, a description of carpenter 's tools, and a section on bonsai and flower arrangement .

**Japanese Homes and Their Surroundings - Wikipedia**

In the Japanese house, on the contrary, there are two or more sides that have no permanent walls. Within, also, there are but few partitions which have similar stability; in their stead are slight sliding screens which run in appropriate grooves in the floor and overhead. These grooves mark the limit of each room.
