With JavaScript: The Good Parts, you'll discover a beautiful, elegant, lightweight and highly expressive language that lets you create effective code, whether you're managing object libraries or just trying to get Ajax to run fast. If you develop sites or applications for the Web, this book is an absolute must.

~~JavaScript: The Good Parts — Douglas Crockford — Google Books~~

JavaScript: The Good Parts is an easy read and generally approachable book. The tone and language of the book is clear and well-written. The conciseness is impressive, especially considering that some of the book's most important points are made multiple times in different contexts and the entire book has fewer than 150 main pages.
