This manual is designed primarily for use by trained mechanics in a properly equipped shop. However, it contains enough detail and information to make it useful to the owner who desires to perform his own basic maintenance and repair work.

Service Manual

Screwfix advertise it as a Kawasaki product but that's just the engine. The plain white box has a sticker on one end saying Mountfield BK35ED and the item itself has TJ35E Kawasaki on the red plastic housing, BK35ED on the shaft while the nightmare "manual" refers to 11 different models but I deduce that it's a SBC635K or KD.
