I first started with the Minolta Maxxum 5 with 2 Sigma Lens I bought from Ebay for about \$400. I felt better to buy myself a Maxxum 700si, and so I did!! I sold my Maxxum 5 body and was happy to stay with my 700si. The 700si is a better, super-rugged body, better shutter speed, more professional, and very durable than the Maxxum 5.
