This is a beautiful graduate level microeconomic textbook. Among the graduate textbooks, this is the most suited for self study - though not as comprehensive in coverage as Microeconomic Theory, this text guides the reader through the hard core material in an easy and engaging style - of course, the treatment is rigorous and mathematical, but Kreps prose flows and it feels more like a set of ...

A Course in Microeconomic Theory by Kreps, David M. (ebook)

This half-semester course provides an introduction to microeconomic theory designed to meet the needs of students in an economics Ph.D. program. Some parts of the course are designed to teach material that all graduate students should know. Others are used to introduce methodologies. Students should be comfortable with multivariable calculus, linear algebra, and basic real analysis.
