Fitting Guides | Loft Ladders Direct

Ladders generally won't fit in a car boot, so unless you have a van or a pickup truck, your best option is probably to place the ladder on the roof of your car (as pictured above). Whatever method you use, it's very important to ensure that the ladder is properly secured before you set off.

How to Transport a Ladder - Ladders UK Direct

- Ladder shall be on an even, level and unmovable base.
- Leaning ladder should lean against a flat nonfragile surface and should be secured before use, e.g. tied or use of a suitable stability device.
- Ladder shall never be repositioned from above (while standing on the ladder).
- When positioning the ladder take into account risk of
