People looking to buy an electric car in Italy can now make huge savings on both the purchase price and the future running costs. But there is a catch, as writer Mark Hinshaw explains.

' How we used a government

bonus to buy an electric car in  
Italy '

We had to run two or three degrees more of rear wing than was intended by the design of the car. And when you do that, the performance on those long straights at Le Mans, it kills you. ”
