### Leadership Styles: The Power to Influence Others

Leadership can be defined as the capacity to influence people to achieve a common goal.. However, while leadership is currently much discussed and academic studies have multiplied since the 1970s, there ' s no single definition or concept of leadership that satisfies all. What is clear is that leadership covers three integral elements:

Thus, leaders build relationships with diverse people and groups—especially with people who think differently. In complex times, emotional intelligence is a must. Emotionally intelligent leaders are able to build relationships because they are aware of their own emotional makeup and are sensitive and inspiring to others (Goleman, Boyatzis, & McKee, 2002).

Leadership is something that happens as a result of leader and stakeholder collaborative action. Leadership is not a starring role. True leadership describes unified action of leaders and followers (stakeholders) working together to jointly achieve mutual goals. It is collaborative." 2 Collaboration is what happens in any organization or community. How well it is done—that is, how well the leader shapes the organization or the community to meet ever-changing needs—often dictates the ...
