This is a great book about leading change that takes a systemic approach and draws on research from Edwin Friedman and Peter Steinke, among others. My only caveat in recommending it is how to get this information to congregational leaders, as it is written more from the perspective of clergy and professional staff, but lay leaders need also to be on board in order to take people through the processes named.

Leading Change in the Congregation: Spiritual ...

Leaders of congregations today need to develop the calmness of spirit and the skills and tools that address the needs of the congregation in the midst of change. Often leaders will not be able to define clearly the end destination of the journey.

Leading Change in the Congregation - Alban

In **Leading Congregational Change**, Jim Herrington, Mike Bonem, and James H. Furr provide pastors, staffs and lay-leaders with solid biblical basics and useful practical instructions regarding the process which can result in fruitful congregational change. In fact, the reader will quickly learn that the components for change outlined in this book emerged from actual churches the authors assisted to bring about change in their congregations.

Leading Congregational Change: A Practical Guide for the ...

Summary **Leading Congregational Change** comprises the processed analysis of congregational transformation within the Union Baptist Association (UBA). In the first chapter, the authors relate their experience as part of a team that sought to impact its denominational association by communicating a renewed vision that involved changing denominational structures and priorities.
