If your television is still not receiving a signal, reset the cable box by unplugging it and plugging it back in. There may be an issue with your signal or the box itself, so try switching the connections to another device. If the picture works with another device, contact your provider for service for the box itself.

Television Repair - iFixit
The most important part of any LED TV repair is to figure out what is wrong with the product in the first place. Imagine a scenario where your television suddenly stops working and you think it is broken and thus throw it out. In some cases, a LED or LCD TV repair job means looking at the software and seeing whether there is a quick fix.

LED / LCD TV Repair - Is It Worth It? - Repair Sharks
Samsung introduced it's first internet-enabled Smart TV in 2007, although under a different name, and adopted the "Smart TV" nomenclature in 2009. In 2010, they released their first 3D TVs. As of 2015, Samsung televisions would run a full Linux-based OS on their television sets, which they adapted from the open-source Tizen OS.
