Today in the United States, the need for case managers is growing. While it is difficult to find precise statistics on the total number of case managers in the US, the number of CCM (Certified Case Managers) has increased over 50% to 42,000<sup>3</sup> and, there are over 5,200 case managers who are ACM (Accredited Case Managers) certified<sup>4</sup>. Case managers have never seen a demand like is currently being experienced with a growing aged population and new healthcare delivery models - and it doesn't ...
