Publications & Media — Regulation Focused Psychotherapy ...

Regulation-focused psychotherapy for children (RFP-C) is a manualized, time-limited, psychodynamic treatment for children with externalizing behaviors that aims to activate more adaptive forms of implicit emotion regulation. The RFP-C treatment approach, along with many clinical examples, are described in the manual and several associated publications (25, 26, 34–37). The intervention consists of 16 individual play therapy sessions with the child and four parent meetings, delivered over ...
