Purchase. It's
definitely a
good book on
AS/400. It
contains

exercises in the
book that helps
learning further
and it has the
answers to the
exercises as
well. I
recommend it.

I'm new to

Where To Download

AS/400 and I
find it to be
very helpful.

The IBM System i
was a midrange
computer
platform from
IBM, sometimes
referred to

Where To Download

generically by the umbrella term AS/400 or "AS400". The platform was first introduced as the AS/400 in June 1988, with the operating system being called OS/400. In 2000, IBM introduced the eServer iSeries.

Where To Download

As part of IBM's re-branding initiative in 2006, it was again renamed to System i. In April 2008, it was replaced by a modern standards-based rack-friendly server line, IBM Power Systems.
