Bookmark File PDF Memory Consciousness And Temporality Hardcover

Memory, Consciousness, and Temporality presents the argument that current memory theories are undermined by two false assumptions: the 'memory trace paradox' and 'the fallacy of the homunculus'. In these pages Gianfranco Dalla Barba introduces a hypothesis - the Memory, Consciousness, and Temporality (MCT) hypothesis - on the relationship between memory and consciousness that is not undermined by these assumptions and further demonstrates how MCT can account for a variety of memory disorders ...
