In the 7th Edition of *Mergers, Acquisitions, and Other Restructuring Activities*, Donald DePamphilis looks into the heart of current economic trends. He includes a new chapter on the ways deals are financed, and more than 85 per cent of the 54 integrative case studies are new and involve transactions that have been announced or completed since 2010.

An acquisition is a corporate action in which one company purchases, or otherwise acquires, most or all of another company's assets to gain control of that company. Restructuring is another corporate action that reorganizes one or more business components, such as employees, to make the company operate more efficiently and cost-effectively. All three of these business actions generally affect employees in some way.
