Modigliani And Miller  
Proposition 2

Modigliani and Miller  
(MM) In a series of  
papers that would lead  
to a Nobel Prize, M&M  
made important

# Read PDF Modigliani And

Miller  
contributions to  
understanding the  
relationship between a  
firm's capital structure,  
value, and cost of  
capital. Their main  
conclusions can be  
summarized as: In the  
absence of taxes, firm  
capital structure is  
irrelevant.

Modigliani And

Miller in the 1950s, advocates the capital structure irrelevancy theory. This suggests that the

valuation of a firm is irrelevant to the capital structure of a company.

Whether a firm is highly leveraged or has a lower debt component has no bearing on its market value.
