About Us. Here on Mutineer's Moon, we love the work of David Weber, especially his Dahak series, which starts with Mutineer's Moon as the first book. This was the very first novel I had ever read by David Weber, and I was hooked. I dare to say, it was also one of my first space opera books I'd read back then as well. Since then, I have read everything David Weber has written, and while Dahak remained my favorite, I also found his Honorverse series extremely attractive for my tastes.
