At present, the Buddhist New Year falls into the second half of April, although there are regional variations. When Does a Decade Start. When Was Year 1? The Buddhist calendar uses the Gautama Buddha's date of death—or, in Buddhist terms, the moment Buddha reached parinirvana—as its starting point. While there is disagreement about the exact year, some

According to the traditional dating the Buddha was born in 624 BC, attained Awakening 35 years later in 589 BC and entered Paribbāna in 544 BC. It is from the latter date that we take the Buddhist Era (Thailand dates it as year 1, Sri Lanka as year zero). Most scholars now think that the actual dates should be set approx. 100 years later (there is much difference in opinion), but the
