Russian scientists from the Soviet Academy of Sciences, proposed the theory of the Moon as an alien ship. The two assumed that the Moon is a giant extraterrestrial ship that was covered with a rock to look like a natural satellite. Aliens, with superior new technology, were able to disguise their ship in a celestial body and launch

Currently, the most likely

Access PDF Mystery Of The Ninth Moon

candidate for the Moon ' s origin story is the Ejected Ring Theory, which is better known as Giant Impact Theory. According to this version, a protoplanet (a planet that is forming) called Theia collided with Earth. The ensuing cloud of debris eventually condensed into the Moon.
