THIS amp is built like a tank. Its sound is neutral and powerful (much current from his internal dual mono power configuration). Not much known like similar products by Pioneer, Marantz, Technics etc. but anyway it is a very valid piece of hifi. Try it if you find it out.

I'm looking for one in excellent condition in either color (silver or black), but most preferably black if I can find it, with all parts included. Would also like to have the 3710 tuner to go with it if you have it, but that's not absolutely necessary.
