NEUROLOGY CLERKSHIP STUDY
GUIDE. Definition: Disorders
of consciousness include
disorders in which the level
of consciousness (arousal or
wakefulness) is impaired,
such as acute confusional
states and coma, and those
in which the level of
consciousness is normal. but
the content of consciousness
is altered, such as dementia
and amnesic disorders.

The Neurology Clerkship is a four-week course for third-year medical students during which students will practice the assessment and treatment of acute and chronic diseases of the nervous system. The rotation will focus on differential diagnosis, pathogenesis, and physical findings of common neurological conditions.
