Middle School Newspaper Activities. The perception that newspapers are adult media is not necessarily a bad thing when it comes to your middle school students. Although a newspaper can be created at any level, there is something truly “grownup” about having your name and article in a newspaper. Students learn better when there is real world application that is applied to what they are learning.

To give you an extreme example, imagine an entire page with only a single word in the middle: "Desire." That forces all the attention on that one word and the possible connotations. That might be extreme, but the concept of using more white space and making your newspaper look less crowded is valid. Put more space between images and text.
