E - BOOKS

Medical Parasitology is the
branch of medical sciences
dealing with organisms
(parasites) which live
temporarily or permanently,
on or within the human body
(host). There are different
types of parasites and
hosts. The competition for

File Type PDF Notes In Veterinary Parasitology

supremacy that takes place between the host and the parasite is referred to as host-parasite relationship.

interest in parasitology.

VETERINARY PARASITOLOGY - Elsevier

Distribution of parasites depends upon: a. The presence and food habits of a suitable host: • Host specificity, for example, *Ancylostoma duodenale* requires man as a host where *Ancylostoma caninum* requires a dog. • Food habits, e.g. consumption of raw or undercooked meat or vegetables predisposes to *Taeniasis* b.
