Lord of the Flies: Chapter 7 | SparkNotes

While the other boys battle winter with shovels, Leper keeps his own vigil in the wild, observing how animals dig into their homes to escape the harsh conditions. Leper's winter day, in fact, foreshadows his later inability to adapt to military life and his frightened retreat to his own snowy Vermont home after his nervous breakdown.

Chapter 7

They report eyes, teeth, and claws that they couldn't possibly have seen. The other boys are so eager for a remedy to this fear that they feel the first unified urge for mutiny when Ralph forces them to leave the perceived safety of the fort-like castle rock to check on the fire. Fear acts as a sort of litmus test for leadership.
