NWEA MAP Scoring. The MAP Growth Test has, over the years, become increasingly popular among schools in the United States. MAP's unique quality lies in its measuring of students' personal academic progress. MAP testing scores chart a student's academic growth in a manner that is easy for both parents and teachers to understand.

Western Middle School students 6th through 8th grade participate in district-wide tests in early fall, winter and spring. These tests measure what your child already knows in Math and Reading and what your child still needs to learn. Each year, the results assist teachers in targeting instruction to your child's "just-right" learning level. The May tests assess each child's academic growth during the year.
