Recommended: Per ONS and Hematology/Oncology Pharmacy Association guidelines (2019), use one poly-coated gown to hang or take down chemotherapy and double chemotherapy-tested gloves. Use one gown for one patient. Between uses, hang gown inside out near patient and away from surfaces where it could become contaminated.

### Oncology Nursing Society | ONF

Guidelines can address specific clinical situations (disease-oriented) or use of approved medical products, procedures, or tests (modality-oriented). Using the best available evidence, ASCO expert panels identify and develop practice recommendations for specific areas of cancer care that would benefit from the availability of practice guidelines.
