Accessible to military units and personnel, this site provides up to date academically robust guidance, resources and information that will assist clnicians preparing for and deploying on operations.

Clinical Guidelines For Operations

1 July 2020. The Site Operating Procedures have been updated by the Construction Leadership Council (CLC) to reflect the latest Government guidance following the easing of lockdown measures in England from Saturday 4 July. The 'one metre plus' social distancing guidelines require workers to stay two metres apart, or one metre with risk mitigation where two metres is not viable, and it is expected that sites will maintain the social distancing measures in place.

CLC Site Operating Procedures Guidance V5 » Construction ...

A standard operating procedure is a set of step-by-step instructions compiled by an organization to help workers carry out complex routine operations. SOPs aim to achieve efficiency, quality output and uniformity of performance, while reducing miscommunication and failure to comply with industry regulations. The military sometimes uses the term standing operating procedure because a military SOP refers to a unit's unique procedures, which are not necessarily standard to another unit. The word "s

Standard operating procedure - Wikipedia

A Standard Operating Procedure (SOP) is a standardized process that outlines a set of detailed instructions to help workers perform complex tasks properly and safely. The main objective of SOPs is to develop an effective quality system, reduce work variations and comply with industry-specific regulations and standards.
