Optical Sorting and Processing Technology - Satake
USA Satake manufactures and markets a wide range
of food processing machinery, mainly for rice, wheat,
and corn. Satake's core competency from among
those grains is rice processing. Satake has
accumulated rice and cereal processing technology
for over 115 years.](#)~~

Optical Sorting and Processing Technology - Satake
USA

The current line up of Satake optical sorters are the
pinnacle for quality and reliability. The EVOLUTION,
FMS2000, RGBR, RNEZX, BELTUZA, FMSR-IR, and
Plastic Pellet Sorter are each designed and
engineered to meet specific market needs based on
capacity, cost, and dimensions... among other unique
features.

Satake Full Color, Shape and Infrared Optical Sorters
Optical Sorting A vital tool for product quality enhancement Satake is a technology leader in optical sorting systems for seed, grain, food and plastic applications where traditional methods of mechanical separation cannot give the required speed and accuracy.

Optical Sorting - Satake Europe

The Satake PIKASEN FMS2000 is a compact, full color RGB optical sorter ideal for small and medium size applications. The FMS incorporates advanced digital image processing software and automatic image adjustment functions allowing accurate sorting of a wide range of product types.

Satake PIKASEN FMS2000 Compact Optical Sorter

Satake EVOLUTION Optical Sorting Technology

EVOLUTION: the "Revolution" in Optical Sorting Both the human eye and the EVOLUTION RGB detect color through three wavelengths (red, green and blue), allowing the sorter to match the eye's ability to see true color.

Satake EVOLUTION Optical Sorting Technology

Optical Sorting Satake Corporation is involved in the development, manufacturing and marketing of sophisticated food processing equipment for shipment to customers around the world.

Optical Sorting - Satake Australia

Satake introduced the optical sorter "Pellet Sorter" for use with both transparent and opaque plastic pellets in 2009. Since then we have worked at creating a new
