Haiku, unrhymed poetic form consisting of 17 syllables arranged in three lines of 5, 7, and 5 syllables respectively. The haiku first emerged in Japanese literature during the 17th century, as a terse reaction to elaborate poetic traditions, though it did not become known by the name haiku until the 19th century.

Example | Britannica

Traditional and structured, this short form of Japanese poetry is well-known for its rule of 5/7/5: five syllables in the first line, seven in the second, and five again in the third. Haikus are known for their ability to paint a vivid picture in just a few words. A practice of artistic discipline,
