This handbook explores organized crime, which it divides into two main concepts and types: the first is a set of stable organizations illegal per se or whose members systematically engage in crime, and the second is a set of serious criminal activities that are typically carried out for monetary gain. The book consists of four parts, the first of which introduces the reader to the concept of ...

Abstract. This handbook examines
various aspects of the criminal
process, including the role of
prosecutors in common law and civil
law jurisdictions, the rights and duties
of experts, victim rights in civil law
jurisdictions, surveillance and
investigation, criminal prosecution
and its alternatives, evidence
discovery and disclosure in common
law systems, evidence law as forensic
science, common law plea bargaining,
appeals and post-conviction review,
